

NATERIAL

NUESTRA CREENCIA

En NATERIAL creemos que el jardín, la terraza y el balcón son extensiones naturales de la casa. Incluso son parte integral de la casa al ofrecer lugares para equipar, volúmenes para decorar, espacios para vivir.

Una comida con amigos, un descanso para leer a la sombra, disfrutar de un buen paseo en el jardín, un partido de fútbol con los niños, trabajar al aire libre, o cocinar para tu familia y amigos. Tanto en el exterior como en el interior, se crean lindos momentos.

Naterial es la marca para equipar, amueblar y decorar el balcón, terraza, jardín, tanto de tu hogar, restaurante, spa, o el espacio de tu preferencia donde la expresión de disfrutar al aire libre sea tu parte de life style.

**“ Para vivir bien, ya hay
que soñar bien ”**

Naterial es la marca de la arquitectura de exteriores

Diseñamos contigo, o con nuestros aliados, espacios de exterior, para permitirte todos vivir una experiencia de disfrute, de compartir y de vivir al aire libre.

LOS ESTILOS

A photograph of an outdoor patio area. In the foreground, there are several round, low-profile wicker tables and a wicker chair with a blue cushion. The ground is paved with light-colored stone tiles. In the background, there are large tropical plants, including a banana plant and a peace lily. A thatched roof is visible on the left side of the frame. The text "ESTILO NATURE" is overlaid in the center of the image.
